### DESCRIPTION

**Sid Spada** unveils his first project, *Stellagony*, a unique musical adventure. After several collaborative projects, the Geneva rapper withdrew to craft nine tracks. Nine unique pieces in the sonic puzzle that contemporary rap has become. *Stellagony* is a chronicle of adolescence, its wanderings, its parties, its excesses, and a certain form of self-destruction. Entering a new phase of his life, Sid Spada scrutinizes his last ten years to narrate his mental and artistic evolution. This project is like a window to the past that allows its author to step back and embrace the future possibilities serenely. This artistic maturity forged during long months in the studio opens a new era. Each track, shaped by **RougeHotel's** production, who co-signs all the instrumentals of the project, serves as a sonic exploration rather than following fleeting trends. The album's atmosphere dances between melancholy and the fantasy permitted by hyperpop, drawing from Latin and club sounds. A skillful balance between dark emotions and avant-garde energy is established. *Stellagony*, produced by Sid Spada's label iuven, is presented by Les Disques Magnétiques, a Geneva-based label affiliated with Bongo Joe Records.
