DESCRIPTION

"Their music reaches from blues to jazz into space," proclaimed the original liner notes to this highly collectible record, just released in 1968. Hailing from Boston, the **Far Cry** were a talented seven-piece blending psych rock and R&B, in the vein of **Blood, Sweat & Tears** and **Rare Earth**, with a further look into the realms of **Beefheart Magic Band** and **John Cipollina Quicksilver Messenger Service**. Their sole album still maintains a distinctive sound, melting acid guitar, sax and even vibraphone, organ and conga.
