### DESCRIPTION

"Almost 20 years ago I was a cinema producer overloaded with engagements. A very adventurous period of my life, always taking off for a different cinematic set, leaving behind a trail of adrenaline which was giving me a lot, but the time for a pause came. I needed some time for myself and music, as it happened many times in my life, helped me. In that moment of great introspection, I had the idea of this album dedicated to the songs which faithfully accompanied me, for all my life, a tribute to my favorite cues performed through my emotional filter. **Tenco, Gaber, Armstrong, Baglioni, De André, Paoli, Brel, Battisti, and Guido & Maurizio**. I spent many nights in studio in order to give life to this selection to which now I'm really fond of, through it I relive a life of musical emotions with a first-person interpretation. I still remember the sound of silence, nighttime when going back home from the studio, full of emotions. My emotions, nothing more than feelings, for a dreamer." –**Guido De Angelis**
