DESCRIPTION

Duo in the mirror that, in a continuous game of doubling and multiplication, ventures into another world, dense with unexpectedness and vital thrills. **Sun Ra** and post-rock, as well as Chicago experimentation and echoes of the world of **Suzanne Ciani** and minimal music, are the hints one can sense while listening to *Medea*, a journey to the edge and beyond. **Star Splitter**'s new album comes five years after the debut album, a period in which **Gabriele Mitelli** and **Rob Mazurek** experimented with the infinite possibilities of this lineup, the length and breadth of Europe, at some of the most important festivals. In complete freedom, a three-day session in the recording studio in Reggio Calabria gave birth to *Medea*, a dedication, in retrospect, to the film work of Pier **Paolo Pasolini**.
