DESCRIPTION

2017 repress. Lilith present a reissue of **Os Mutantes'** self-titled debut, originally released in 1968. With the release of their debut LP in 1968, Os Mutantes cracked the already red hot Tropicalia scene wide open. Fusing traditional Brazilian music, psychedelia, rock, and a good dose of pure experimentation, they quickly became giants both in Brazil and in the outer fringes of pop music, where they have managed to reign supreme for the past four decades. Not an easy task in such a crowded arena. **Caetano Veloso, Gilberto Gil, Gal Costa, Jorge Ben, Tom Zé**, and Os Mutantes? What do these people put in their drinking water? The band went on to release several more albums, but this one was their magnum opus. Obi "bookmark" Japanese style; 180 gram vinyl; Includes CD.
