DESCRIPTION

Originally released in 1969, this album is one of the most significant in Brazilian musical history, spearheading the musical Tropicalia revolution lead by Brazilian legends **Caetano Veloso** and **Gilberto Gil**, not to mention **Gal Costa** and mutant rockers **Os Mutantes**. Not only were the artists experimenting with the music, they were also making a very strong political statement that spoke out very harshly against the military regime in Brazil at the time. This album helped land Veloso and Gil a brief stint in jail and eventually in political exile in the UK. Includes bonus CD of the album.
