Release Date

08/16/24

Territory

NORTH AMERICAN EXCLUSIVE

Genre

FILE UNDER - M - JAZZ

DESCRIPTION

140gram vinyl with MP3 download included, plus printed inner-sleeves. "These days, where a young generation worldwide discovers good swinging jazz again, where **Dexter Gordon** returned after so many years in exile like a triumphator to New York and 'young swinging **Scott Hamilton**' becomes something like a 'super-star,' it is hard to believe that this album was recorded 13 years ago – hard to believe by both artistic and technical standard. At this time, in the year of 1966, Beatlemania reached its peak and the beat and/ or rock wave ruled the world of music. Nevertheless, **Emil Mangelsdorff** and his friends went into the studio to produce good swinging music with the idea that any good solid jazz playing is still superior to the best rock albums available then. To dream up an idea, that young listeners would hear the album occasionally, we even went up as far to give it a name similar to that of rock groups, a fantasy name: *Swinging Oil Drops*. The masquerade didn't help much but the music was and is superb." – **Horst Lippmann**, 1979
