DESCRIPTION

In the serene expanse of empty spaces, there exists a profound stillness that attracts contemplation. These voids, whether they manifest physically or within the recesses of minds, are spaces for the interplay of light and thought, where time perception is different, allowing for a deeper connection with the inner self. These are moments frozen in the endless flow of existence, a tranquil pause that invites listeners to reflect and to contemplate. The emptiness that permeates this mental space is a canvas upon which ideas are painted. The emptiness that pervades this cerebral realm becomes a blank canvas upon which ideas are woven into existence. **Grand River** and **Abul Mogard**'s *In uno spazio immenso*, (translating to "in an immense space,") embodies the essence of this boundless expanse – a limitless and eternal chamber where the boundaries of thought expand endlessly. For fans of: **Caterina Barbieri, Alessandro Cortini, Perila, Sarah Davachi, Kara-Lis Coverdale, Raime, Drew McDowall.**
