## DESCRIPTION

**Ameli In The Woods** announces debut album, *Throw My Fears Into The River*. High expectations are set with the release of the album's first single "Heroine" including its nostalgically themed music video. In this single, Ameli's restlessness is clashing with a sluggish beat and morphing into the home she is looking for. With "Heroine," the German melodic indie jazz outfit introduces her profoundly emotional and slightly trippy debut album *Throw My Fears Into The River* via independent Berlin-based imprint Meiosis Records, processing the fears of a human being living through the struggles of her generation. *Throw My Fears Into The River* is an ode to believe in yourself, accept and heal from traumas and doubts that kept you back. Every song is a snapshot of a feeling of Ameli's life from intimately fragile to progressively exploding. Ameli allows her emotions to flow through her unique musical language one that, despite its complexity, conveys a poignant melancholy that resonates easily. Central to this enchanting soundscape is her versatile and extraordinary voice, which radiates in a myriad of colors. This mesmerizing sound is further enhanced and complemented by the exceptional band including **Marvin Holley**, **Sebastian Schuster**, and **Daniel Mudrack**. Effortlessly, the renowned musicians create the perfect musical backdrop for each song, seamlessly weaving themselves into the intricate tapestry of the music. Through their energetic and heartfelt sound, these seasoned professionals illuminate each composition with a captivating essence. This live recorded album with produced elements opens a gateway to a distinct world and expresses the desire to break free from boundaries and narrow perspectives. In fusing boldly and radically influences such as indie, progressive, jazz, electronica, psychedelic, pop and experimental music, it's a distinctive, diverse work of art; away from the mainstream, but still captivating and highly intuitive. Ameli in the woods is sure to deliver a fresh and thought-provoking take on indie jazz, fully drawing the listener into this melancholic yet warm world which surprises again and again. The trained singer and awarded jazz musician has made a name for herself not only in the local scene but also internationally.
