DESCRIPTION

Splatter color vinyl version. **The Loons** of Southern California have been playing their uniquely original brand of psychedelic garage and freakbeat for more than 25 years. With *Memories Have Faces* they've created their most impressive batch of songs to date, along with an intense version of the **Pretty Things'** "Cries from the Midnight Circus." The Loons keep growing, learning, creating, evolving but never compromising. Formed in San Diego, The Loons have recorded and released five albums along with a slew of singles, and played gigs in more cities around the world than they can keep count of. They've collaborated with original '60s music icons like **Glenn Ross Campbell** of **The Misunderstood**, **Dick Taylor** of **The Pretty Things**, **Randy Holden** of **The Sons of Adam** and **Blue Cheer**, and **Michael Stuart-Ware** of **Love**. **Mike Stax**, who also publishes *Ugly Things* magazine, is the lead singer. **Anja Stax** plays bass and sings backing vocals. **Marc Schroeder** and **Chris Marsteller** play guitars, and **Chris Cancelliere** is on drums. Mike Stax was already a veteran of several other San Diego bands, including **The Crowdaddys** and **The Tell-Tale Hearts**, when he first formed the Loons in 1997. **Ebbot Lundberg** of **The Soundtrack of Our Lives** produced the group's debut album, *Love's Dead Leaves*, released by Get Hip Records in 1998. Anja joined on bass after relocating to California from London, where she'd been playing with **The Diaboliks**, and Marc Schroeder and Chris Marsteller joined soon afterwards. Chris Cancelliere became the group's new drummer at the end of 2018.
