DESCRIPTION

2010 release. The new wave of brutality and hardcore massacre has arrived. Tokyo punks **Kriegshög** are back with their first full length. After three lovable 7"s at LVEUM, they finally went for the album. Thirteen tracks of extremely bass-driven hardcore destruction. The recording is relentless, full of energy, and distorted. Yet, moving from the ultra blown-out recording of their earlier output. This is the band's most dynamic recording so far and in our humble opinion is destined to be a classic and genre-defining album. Second press of *Kriegshög* LP which La Vida Es Un Mus released back in 2010. Released in time for Static Shock Weekend 16 where Kriegshög will played their first ever European show. This time around the LP comes housed in a heavy-duty, paste-on board sleeve with heavy weight inner sleeve. Overall a top-quality packaging for a top-quality record.
