DESCRIPTION

It's a stark and barren land out there right now. What everyone needs is some fucking loud, fast, uncompromising raw punk to drown out the constant bullshit being broadcasted as 2021 develops. Both following up storming debut LP's with five new tracks plus a local cover each, **Nervous SS** and **Rat Cage** clash head-to-head on this 12-song barrage of hell for leather punk rock. The Nervous SS side (Skopje) undoubtedly wears a **Totalitär** influence on its sleeve, but combine that sweet sound with a complete powerhouse vocal bombardment that sets Nervous SS a cut above the rest. Flip to the Rat Cage side (Sheffield) for a rapid attack of **Scandi** riffs with the relentless urgency everyone has grown to know and love from the band. The side ends with a **U.K. Subs** cover, clearly displaying Rat Cage's classic British punk influence. With Master dials set firmly to "destroy mode", this record will be your savior in these dark times. Crank it.
