DESCRIPTION

Limited-edition Riso printed cover sleeve. *Nostalgia Por Mesozo'ica* is an exploration of "experimental exotica" consisted of synthesized tropical attributes – an artificial landscape isolated behind the glass frame. Reminiscent of recording techniques and sonorities ubiquitous in the '60s and '70s, it could conceivably have been intended as a soundtrack for the Mesozoic Era exhibition at your favorite Natural History museum. Featuring **Arthur Mine** and **Amphibian Man II**.

"Alchemical combinations of musique concrète, samples, synthetic parts with fairytale melodies ('Muzak For Mesozoic Showreel') and sound-art ('Dark-Archeo'), produce a varied, fascinating and original music narrative." –**The Quietus, Jakub Knera**
