DESCRIPTION

Regler resume their series of genre dedicated concept albums following 12 releases which focused on metal, harsh noise wall, techno, free jazz, no wave, blues, classical music, minimalism, ambient, and more. The duo of **Mattin (Billy Bao, Josetxo Grieta)** and **Anders Bryngelsson (Brainbombs, No Balls)** are joined on this new chapter by the unique **Anla Courtis (Reynols)**. Devoted to noise rock, a genre in which all three artists had significant contributions. This new instalment follows the same guiding principle previously adopted of stripping down a genre to its bare essentials. Here they capture the essence of noise rock over two minimal, unrelenting, motorik and hypnotic pieces.
