DESCRIPTION

Rare and sought after psychedelic hard-rock album from 1971 by this power trio from Tampa (Florida) that opened for big names like **Iron Butterfly** and **Mountain** and even played at the legendary Goose Lake Music Festival in Michigan. **Wizard** consisted of **Ben Schultz** (guitar, vocals), **Paul Forney** (bass and lead vocals) and **Chris Luhn** (drums). Together, they conjured a heavy sound full of raw and loud guitars, powerful bass and crashing drums. *Wizard* was their only album, recorded as a "live" in the studio demo after the band caught the attention of Decca Records, finally released on the small Peon Productions label. Remastered by **Tony Reed** at HeavyHead Recording Co. Original artwork in hard cardboard sleeve. Includes insert with liner notes and photos.
