DESCRIPTION

180g vinyl. Warm and harmonic, this four-piece Scandinavian soul act deliver nostalgia steeped tracks with a timeless feel. Described as the bastard lovechild of **Fleetwood Mac**, **Khruangbin**, obscure Motown singles, hip-hop duo **Eric B & Rakim** seasoned with a bit of **Stevie Wonder**, **Selda Bagcan**, **Elis Regina**, and **Ted Gärdestad**, **Dina Ögon** borrow across decade, country, and genre, ultimately delivering cohesive and homely retro pop from a laidback Nordic horizon. With two critically acclaimed albums under their belt and backing from the likes of **Tyler The Creator**, many sold out tours and an organic growth and word of mouth build up on a global level in just two years, they now present their third album *Orion*.
