### DESCRIPTION

*A Light In The Window Will Guide Us Safely Home*, the new and unique LP by **Little Skull**, is an album defined by places, journeys between them, and the traces we leave: Warbly guitars and a town hall in rural Waikato; Wheezing melodicas and a train through Tongariro; Tinny autoharps and a bus stop on the Canterbury coast; Scratching violins and mattresses on the floor in flats in Dunedin and Wellington; Squalling saws and the detritus of a life abandoned and rediscovered in Waitati – These all jostle to be heard over the murk and cassette hiss whether they deserve to be or not. Insignificant instrumentation congregates on insignificant locations, leaving behind ghosts in a place of their own. We each choose our own light to follow in the hope it is the right one. Handmade paper-cut, fold-out sleeves; micro-edition of 200.
