DESCRIPTION

Planet E Communications releases *Electric Worlds* double-LP by **Francisco Mora-Catlett**, marking Francisco's first electronic album in celebration of 30 years of Planet E. Francisco Mora-Catlett's career spans decades, genres and astral realms, perpetually defined by the quest for survival and being free. The Mexican-American percussionist, composer, and producer makes his solo debut on **Carl Craig**'s renowned Planet E Communications with his first electronic music album, *Electric Worlds*. Whether pushing the limits of free jazz with the **Sun Ra Arkestra** in the '70s, studying at Berklee College of Music and touring with **Max Roach** in the '80s, or playing in Carl Craig's **The Innerzone Orchestra** in the '90s, Francisco's passion has always been for the capacity that the music created by black and brown people has to free the human spirit.
