DESCRIPTION

Public Possession presents this album by **babyxxan**. *In-Tran-Situ* was conceived during an extensive time of travel. The artist was on a journey to explore mountains, lands, and monuments of the world. On this road that led through water, air and over earth – music was a constant companion. Alike the elements the sounds presented on the album are very much alive, with many textures at times dense and vibrant, then again full of space with lots of room to breathe – always in some sort of trance, following a natural flow. Public Possession found the music to be deep, enriching and full of surprises, just like life itself.
