DESCRIPTION

Visionary no wave legend **Teenage Jesus and The Jerks** created a confrontational sound, with a shifting line-up as a platform for **Lydia Lunch's** shouted vocal shocks, accompanied by her jagged guitar noise, non-melodic bass, and minimalist drums. This must-have live anthology is culled from six performances undertaken during their heyday, these atonal, in-your-face blasts somehow even more caustic than their studio work, rendering an aural assault not for the fainthearted. Benefitting from the presence of **James Chance** on select numbers, this uncompromising collection of staccato eruptions will get right up your nose – a must for all Jerks fans.
