DESCRIPTION

Teatro Del Metapresente is the debut album by **La Nuit Je Mens**, a duo hailing from the Parisian suburbs and southern Italy. Now based in Rome, the two artists have crafted a striking sound that merges their DIY ethos with raw, unfiltered energy. Driven by synthetic, minimalist rhythms created on a fleet of analog machines, the seven tracks pay homage to the sound of the '80s – yet entirely forward-looking and embracing the dancefloor modernity. Blending genres such as EBM, synth-pop and minimal-cold-wave, paired with French vocals, the album delves into themes of underground activities, the slow decay of the club scene and the depths of emotional yearning. Released on the Berlin-Basel-based label Reach Another System, *Teatro Del Metapresente* follows the previously released 7" and reinforces the duo's own sound and unique identity.
