DESCRIPTION

A discreet but essential figure in the field of musical creation, **Horacio Vaggione** has been crafting an ambitious, precise and highly significant body of work for over the last fifty years, coupled with a demanding research activity. This disc offers four purely electroacoustic pieces which illustrate, each in their own way, this singular and fascinating grammar developed by Horacio Vaggione, a complex but fertile grammar which establishes a very special relationship between structure and texture, between matter and formula, to create a fascinating musical space, made up of polyphonies and metamorphoses.
