### DESCRIPTION

Limited black vinyl repress. Osaka based psych-rock three-piece **Hibushibire** return after a long break, with a new line up and a stunning third album. Following the successes of their debut album *Freak Out Orgasm!* (2017), the follow up *Turn On, Tune In, Freak Out* (2019) and two very well received UK tours, the band headed home to Osaka, Japan and then, the pandemic hit. During this downtime, guitarist/vocalist **Changchang** decided to create a new power trio. Enter **Tetsuji Toyoda** (bass/vocals) and **Aoi Hama** (drums/vocals). Now finally, Hibushibire mark two is born properly. Entering the studio with **Acid Mothers Temple/Mainliner** guru **Makoto Kawabata** in the producer chair (and also as a guest musician) once again, the band recorded album number three, *Magical Metamorphosis Third Eye*. Makoto also adds some of his own trademark guitar howls throughout the album, perfectly complimenting Changchang's own growing prowess. Like the band's first two albums, *Magical Metamorphosis Third Eye* is very much an album of two halves. Side one again is full of killer shorter tracks, while side two is reserved for a blinding majestic 20-minute epic "Ayahuasca Witch Abduction." Perhaps the biggest musical surprise here though is probably track two, the beautifully mellow tripped out "We Won't Go Back To The Past," which sounds like it's been beamed straight out of the late '60s/early '70s. The band also tip a nod to the **Beatles** psychedelic classic "Tomorrow Never Ever Knows," but with their own twist of course. It's clear with the line-up changes, Changchang has decided to expand the bands musical pathway, and he's achieving stunning results. Includes full-color sleeve, double sided insert, polylined inner, hype sticker and download code.
