DESCRIPTION

Long time in the vaults, soon out in pop heaven: **Andrea & Alexander**, a handsomely nostalgic pop project by **Andrea Noce** aka **Eva Geist** and **Alexander Arpeggio**. Originally launched in 2014, revitalized in 2023, the project originated as a live set-up consisting of synthesizers, effects pedals and analogue drum machines. From there it slowly metamorphosed into a crew of songs with raw minimal-wave grooves and romantically haunting English and German pop lyrics, loosely evoking the aura of **Siouxsie Sioux**, **Gudrun Gut**, or **Nadine Bal**. After becoming a live mainstay in the Berlin based underground club Sameheads, they went on a tour through Lithuania and soon after several unfortunate troubles led to the break-up of the band, prompting both Andrea and Alexander to focus on their solo careers. Andrea became Eva Geist and released for various international labels, played live and formed the female duo **As Longitude**. Alexander founded his own label Eine Welt, took over the management of the renowned underground festival Camp Cosmic and created two musical projects with **Cid Hohner**, **Otto**, and **Aufgang B**. Now, years later, almost becoming a Soundcloud corpse some Andrea & Alexander recordings caught the attention of the R.i.O. folks and just seconds later they offer six freshly recorded cuts of Andrea & Alexander tunes that stood the test of time as authentic, soulful pop music. "What are we going to wear for tonight's party?" Andrea Noce asks in their song "Tiney Party." The answer is *Loved Up* a musical celebration outfit of six sincere recorded, emotionally accorded songs, who make the dance, give verve a chance, to be there, in that moment of all moments. An album for the listener that likes to dance. In his head, on the local carpet.
