DESCRIPTION

A few years back someone released a 10" boxset comprising of a box, badge, poster and a 10" lathe cut EP with just six tracks taken from the set played at Pukkelpop Festival in Belgium (Aug 26th 1990). It was claimed that there were only ten sets made. Here is basically the full gig with a great sound pressed on 200gsm colored vinyl and housed in a high quality, heavy gauge sleeve with a beautiful glossy finish. No hand numbering, you can put your own number in up to 100 although it seems 200 have been pressed and what's more it comes with a fab poster, identical to the poster in the original box set.
