DESCRIPTION

With their fourth album, *Seas of Static*, the French band **Dead Horse One** establishes itself as one of the heaviest bands of modern shoegaze, propelling the genre to new heights of power and emotion. On this album, Dead Horse One skillfully merges the incisive alternative metal of **Deftones** with the enveloping and ethereal sound of **My Bloody Valentine**. The result is a captivating whirlwind, where walls of guitars collide in a surge of creativity, raw emotion, and energy. Far from recycling, *Seas of Static* is a deep exploration of the grungegaze fusion, thus creating a unique and powerful sound, far from being conventional. Assisted by a massive production by **Brendan Williams (Soul Blind, Francis Lung, GoGo Penguin)**, Dead Horse One creates a unique sonic texture with raw energy that evokes both grunge riffs and shoegaze atmospheres while injecting a new and contemporary energy. With this album, Dead Horse One pushes the boundaries of the genre, offering listeners an immersive and uncompromising musical experience. For fans of Nothing, **Deafcult**, Soul Blind, Deftones, **Narrow Head**, **Modern Color**, **Super Heaven**, **Soundgarden**, **My Bloody Valentine**, **Ride**, **Smashing Pumpkins**.
