DESCRIPTION

Reissue on vinyl for the third album by the punk band **The Exploited**, released in 1983 through Pax Records. The title refers to **Margaret Thatcher's** decision to go to war over the Falkland Islands in 1982, suggesting that she did so almost on a whim. *Let's Start a War* reached the Indie Chart Top 10 when first issued in 1983, and this album also includes the single "Rival Leaders" which hit No. 11 in the Indie Chart. A classic of the "UK82" hardcore punk sound that provides a blueprint for the decade of punk and metal to come, and all in the space of just over half an hour.
