### DESCRIPTION

*Cosmic Breeze* takes listeners on a never-ending love trip through the cosmos, channeling the warmth of '70s funk grooves, the lush textures of modern indie-rock, and **Knowsum's** signature experimental flair. With its infectious rhythms, raw synths, and psychedelic melodies, the album creates a soundscape that feels both nostalgic and futuristic. This is Knowsum's first album on the new label Sugar Brain. It is their second LP that's not instrumental (after *Lush Space Daze*), and features no use of sampling. Featuring **Melissa Weikart & Magic Manfred**, **Noamle**, and **Zara2stra & Grégoire Pignède**.
