### DESCRIPTION

SDBAN Records presents reissues of several installments of the legendary library series *A Special Radio - TV Record* on vinyl. These were originally released on Belgian imprint Selection Records between 1976 and 1981. However, *Selection No. 20* is a new addition to the series although it originally came out in 1978. *Selection No. 20* is the soundtrack to the 1978 Belgian cult movie *In Kluis*, directed by **Jan Gruyaert**. On his quest for the perfect soundtrack to translate the emotions and images shown in his movie, the director found the ideal partner in Belgian composer, arranger, pianist and keyboardist **Koen De Bruyne** (1946-1977). De Bruyne recorded the music in **Dan Lacksman's** studio but tragically passed away a few weeks after the sessions. Hence these are the last ever compositions by the illustrious Koen De Bruyne, brother of celebrated singer and songwriter **Kris De Bruyne**. Koen had his own, unfortunately short, stint in the field of pop, jazz, fusion and funk in the 1970s. He rose to the scene as a wanted session and live musician for local heroes such as **Johan Verminnen**, **Will Tura**, **Ferre Grignard**, **Mad Unity**, **Black Blood**, and his brother Kris. The vinyl reissue of the *In Kluis* soundtrack continues the legacy of the *Selection Records'* series, and will certainly make the heart of many vinyl lovers skip a beat.
