DESCRIPTION

A four-hour work, recorded at **Jim O'Rourke's** studio, Steamroom, between 2017 and 2018. Detailed and delicate electronic layers, processed instruments, and ambiguous field recordings come together in a slow-moving, fascinating kaleidoscope with multiple reflections and wrong turns, always in a constant state of flux. The finely crafted art of subterfuge. The four-CD set *To Magnetize Money and Catch a Roving Eye* is a hypnotic, multi-faceted, labyrinthine piece which flows as slowly as a river while speeding back through memory. Composer, performer, and multi-instrumentalist Jim O'Rourke was born in Chicago in 1969. He is a veritable chameleon working at the frontiers of very diverse musical genres.
