### DESCRIPTION

Pioneers, that's what they're called. Not properly a giant team, but a bunch of forward-thinking producers. In the heyday of the Italo disco there was some forward thinking, a new way to address the club scene. 1985 is the golden year and if you want to get to the core of the synth-pop experience. Look no further! This previously unreleased compilation collects a series of unbelievable tracks. An outstanding vision featuring la crème de la crème of the early '80s scene. All the way from electro wizard **Alexander Robotnick** to the astonishing performance of vocalist **Mya Fracassini**, through the French connection of **Bigazzi** brothers of **Mon Bijou**. Also features **Mya & The Mirror**, **Naïf Orchestra**, and **Gina & The Flexix**.
