DESCRIPTION

Squama regulars **Enji** and **Popp** join forces on *Nant*, the debut LP by their newly minted duo **Poeji**, exploring the confines of post-dub and downtempo. 2022's three-track EP *031921 5.24 5.53*, released as a limited run of dubplates, was the first testament to their open approach to writing, which takes only very basic ideas and relies on non-verbal communication to define form and pace. Enji's vocals are less center-stage than on her solo endeavors, piercing through reverb plates and guitar pedals while **Simon** inked his signature set of wooden and metal percussions with chains of tape echoes and analog delay. Listening to *Nant* as a snapshot of Poeji's artistry at a certain time and place can instill a sense of gratitude within the listener that something so fleeting can be captured.
