DESCRIPTION

Munich-based quintet **Fazer** return to Squama with their fourth studio album, *Yamaha*, a record that melds indie jazz and psychedelic rock with humor and depth. The band recorded the album in their own studio for the first time, taking time to experiment with sound and overdubs, while retaining the vigor of a live performance. Suspenseful two-voiced themes and tickling solo interplay by **Matthias Lindermayr** on trumpet and **Paul Brändle** on guitar is still at the core of Fazer's music, as well as the meticulous work of their two drummers **Simon Popp** and **Sebastian Wolfgruber**, whose grooves are more rooted in the rock vernacular compared to previous records. The restrained playing of bassist and producer **Martin Brugger** remains a grounding force that rounds out the sound of the group.
