DESCRIPTION

The Cortina Protocol is the sound of these images. Recorded in three days to tape at The Cowshed Studios in North London in early 2021 the album wiretaps the colder veins of '60s and '70s crime soundtracks, weaving tense cinematic atmospheres, hypnotic kraut-isms, and swirling psychedelic funk. Initially influenced by the widescreen aesthetics of **Roy Budd, Heliocentrics, John Cameron, Tortoise, DJ Krush, Can,** and **23 Skidoo**, the album was spontaneously composed, taking many unexpected paths yet creating a cohesive aesthetic throughout. Formed in 2021 by **Matthew Rozeik** from London experimental duo **Necro Deathmort, The Cortina Protocol** explores the darker side of cinematic noir. Featuring a fluid cast of like-minded musicians, their debut self-titled album is the first of many deep explorations.
