### DESCRIPTION

**Ainu** is a Genoese cinematic sludge/post-doom trio established in 2021. *Ainu* is a concept record that moves between powerful and stirring soundscapes, building up at a slow but steady pace between psychedelia and post-metal, stemming from the Genoa trio's passion for cinema and their close relationship with the sea, its stories and creatures. Featuring special appearances from **Lili Refrain** as well as **Francesco Bucci (Ottone Pesante)** and **Giorgio Nattero (Carcharodon)**, this album is an intense, emotionally dense experience that uses the descriptive foundations of seamen and the calls of huge animals to recall the connection between the sound and the environment. An electrifying cinematic journey for the heart and soul of heavy music lovers.
