DESCRIPTION

Thomas Greenwood & The Talismans become, through the years, a psychedelic rock band heavily contaminated by '70s influences, the western movies scenario with a neo-psychedelic taste. Founder **Thomas Mascheroni** (also guitar/voice of stoner trio **Humulus**) gave birth to the first record in 2021 called *Rituals*. Entirely self-produced, with Ramble Records from Melbourne and Echodelick Records from Atlanta printing the vinyl. After a long period of wild jams into an old barn on the mountains of lake Iseo, this new record *Ates* is ready. *Ates* is an imaginary hidden city under the mountains of Turkey. A magical place buried by the time where men found shelter during the hardest environmental catastrophes.
