DESCRIPTION

Laxmichand "Babla" Shah began his career as a drummer and percussionist on Bollywood soundtracks composed by his older brothers **Kalyanji V. Shah** and **Anandji V. Shah**, and then made history through *Babla's Disco Sensation*, the adventurous disco and synth-pop recasting of popular film hits released by Polydor in the late 1970s. This rare beast kicked off the "Disco Dandia" craze and is a total killer from start to finish, the sitar funk grooves and eastern melodies clashing with all kinds of Moog madness. It's a crate-diggers special that was sampled by **Metro Area** and others – grab your copy now and play loud for best effect!
