DESCRIPTION

For his fourth release via Touch Sensitive under the *Dyslexia Sound* banner, **Autumns** strips it right down to the bone and takes it back to the Source. "Raw Product" indeed, *Dyslexia Sound Source* sucks up and spits out influence over ten tracks that are both lean but massively heavy. A decade on from his nascent, no-wave debut for Downwards Records, Autumns' productions have both matured and sonically expanded into a dubbed-out dysfunctional metal dance without losing any of the intensity from those early blasts. Anyone who has caught him live over the last few years knows there is simply no compromise. There is the raw rhythm of **Cut Hands**, the weight of **Jah Shaka**'s sound system, the slink of an **ESG** bassline, the sensuality of **Chris & Cosey**, and the soundboard magic of **Adrian Sherwood**. However, as always, an Autumns release is far from a facsimile. With a unique touch and endless desire to push things forward, this collection can only be classified as the *Dyslexia Sound*.
