DESCRIPTION

The second release in Tapete's great series of radio sessions are the collected BBC recordings of **Comet Gain**, the rough diamond of the international pop underground, the indie punk **Monkees**, the noise pop collective Numero Uno! *Radio Sessions BBC 1996 - 2011* contains three **John Peel** sessions from 1996 and 1997 as well as a **Marc Riley** session from 2011. One thing is for sure: a world in which such a great, anarchic, idiosyncratic band, simply perfect in its imperfection, is invited to Abbey Road Studios for radio sessions by the country's biggest broadcaster, among others, can't be that bad. All those who are already fans of Comet Gain should have this album, and everyone else too.
