DESCRIPTION

Start of a new series of official reworks of The Warner Music catalogue, a very special collaboration of Too Slow To Disco with the major label. Official **DocotrSoul** reworks for one of the most prolific musicians of the Californian Westcoast/Jazz/AOR/Yacht scene, the one and only **Michael Franks**, who approved personally the new version. Over the languorous course of 33 years and 16 albums, Michael Franks has mesmerized an international legion of fans with his one-of-a-kind artistry. Seamlessly weaving lyrics of stunning sensuality, wit, reflection and literary eloquence over music that tastefully utilizes top shelf shadings of jazz, soul, pop, chamber and music from around the globe. His music was covered by countless international stars, like **The Carpenters**, **Shirley Bassey**, **Ringo Star**, and **Natalie Cole**. His music lives on and is loved by so many modern Balearic/Soft Disco musicians/producers from today. Parisian producer DoctorSoul is a longtime TSTD collaborator. These reworks of his have been floating around the internet for some time. The D.J./Remix and Music producer/sound designer has collaborated with many artists and bands from diverse genres even in jazz, bringing production remixes for the likes of legendary **Tania Maria**, **Jeff Cascaro**, **Mandoo**, and **Interview** to name just a few! His own musical releases are deeply rooted in disco and funk territory with a modern sonic production touch that can grab attention from the younger generation, as well as from the elder who like to be reminded of the '80s dance floor culture. Since 2018 he has been hosting a monthly show on RapTz Radio and on the late night dream.com while doing DJ sets for The House Theory Radio Show, The Midnight Riot Radio, and Disko Knights.
