DESCRIPTION

After discovering **Ayo, Grace, Imany,** and **Faada Freddy,** the Think Zik! label has set its sights on talented New Zealand band **Ha The Unclear.** With their debut album *A Kingdom In A Cul-De-Sac*, the foursome wreak havoc with an astonishingly punk insouciance and sensitive intelligence. From Auckland, New Zealand, come four restless and immediately seductive boys. Immediately seductive, with a tankful of turbulent, deep songs and an already flattering reputation as a live phenomenon that will soon spread its sparks to this side of the world. Their sound, still in its infancy, is deeply rooted in a certain New Zealand pop-folk tradition.
