DESCRIPTION

Available on limited-edition transparent purple vinyl. Up In Her Room present **Alber Jupiter**'s incredible second album *Puis vient la nuit*. Founded in Rennes in 2017, instrumental bass-drums two-piece Alber Jupiter draw inspiration from Berlin's '70s krautrock scene and **Godspeed You! Black Emperor**'s hallucinatory post-rock to craft a unique soundscape. Their motorik rhythm wanders between plaintive delays and intergalactic reverbs. Magic happens immediately! Following the release of their stunning debut album *We Are All Floating In Space*, the band took advantage of the forced COVID break to compose and record a second album which sees them pursuing their psychedelic exploration. A looper, a few pedals and the journey becomes limitless! The bass morphs into guitars, trippy violins, screams, ethereal or distorted layers. The synths are also part of the adventure, completing the already rich sonic spectrum and propelling the band into new territories.

TRACKLISTING
