DESCRIPTION

Suffolk-based singer songwriter **James Varda**'s fourth and final album before his death from a long battle with cancer in 2015, *Chance And Time*, set for a vinyl only reissue on Unspun Heroes is an astonishing aural document of a creative, forward -thinking musician coming to terms with a life slowly evaporating away. There is hubris, melancholy and an undeniable weight of sadness in these ten songs but, miraculously, there is also a stoic realization and acceptance from Varda that is both heart-wrenching and deeply affecting. On *Chance And Time*, Varda reconnects the human spirit to the land, a heavy, fearful heart to an optimistic soul, and in a beautiful poetic flourish gives a real tangible sense of loving and hope to his family and friends offering genuine reassurance and even, at times, a green light for celebration. Carrying a certain air of mystique of say a **Karen Dalton** or a **Jeff Buckley**, Varda's delivery and tone carries huge emotional weight here and a unique ability to add an honest perspective and warmth to the starkest of realities. *Chance And Time* is both an extraordinary record and poignant study of life and living, of death and what comes after. James Varda released four albums between 1988 and his death in 2015.
