### DESCRIPTION

Mega rare soundtrack to the obscure Venezuelan sexploitation film *Sobre la Hierba... Virgen* originally released in 1976 and almost impossible to find in any condition. The album includes a wide variety of music to enjoy, from thrilling psychedelic jazz-funk to spacey experimental tracks, killer drum-breaks or romantic instrumental tunes. Composer and keyboard player **Pablo Schneider** had an outstanding body of work for the TV/film industry and recorded with the likes of **Baby Bell**, **Grupo Syma**, **Vytas Brenner** as well as huge mainstream artists like **José Luis Rodríguez** and **Pecos Kanvas**. He was also producer to **Phirpo Y Sus Caribes**'s highly collectable only LP, a brilliant Afro-Latin funk masterpiece. His much sought-after 1975 solo album on Polydor anticipated the sounds comprised on *Sobre la Hierba... Virgen*, featuring a variety of exotic arrangements ranging from Latin mood to jazz funk to electronic psychedelic. *Sobre la Hierba... Virgen* is one of the best recordings of Pablo Schneider at the peak of his career.
