## DESCRIPTION

180 gram picture disc LP in deluxe sleeve. **The Velvets** legendary debut album with the **Warhol's** Banana cover art printed on vinyl. Although Warhol, who was listed as producer on the album, allegedly gave the Velvets free reign over their sound, it was on his insistence that **Nico** performed on this album. However, this does not detract from the fact that when this album was made the Red Sea parted, and the Velvet Underground crossed into the Promised Land.
