DESCRIPTION

New and fifth studio album by **Mother's Cake**, titled *Ultrabliss*, presented by Embassy of Music. Inspired by **Stanley Kubrick's** cult film *A Clockwork Orange* (1971) and largely free from structural constraints of traditional songs, the Austrian band unleashes their musical imagination with the finest jams and dancefloor fillers. *Ultrabliss* unites nine extremely varied tracks with elements of classic rock, krautrock, and prog-rock that are sure to please fans of **Jimi Hendrix** and **Pink Floyd**, as well as followers of the **Red Hot Chili Peppers** or British indie icons like **Franz Ferdinand**, the **Arctic Monkeys**, or **Kasabian**. Like its predecessor *Cyberfunk!*, *Ultrabliss* was recorded at Sevenarts Studio, Überlarm Studio, and Moonwalker Productions Studio, and once again sonically brought to life by singer, guitarist, and songwriter **Yves Krismer** in collaboration with **Manuel Renner** and **Raphael Neikes**. Neikes, who plays guitar and keyboards live, has become the fourth band member. Founding drummer **Jan Haußels** has amicably left the band after the album sessions and has been replaced by **Alex Kerbl** on drums. Also available on black vinyl (WG 770834LP) and splatter color vinyl (WG 770833LP).
