DESCRIPTION

Paste is the second album by **Moin**, released on the October 2022 via AD 93. The follow up to their well-received debut album *Moot!*, the record draws influences from alternative guitar music in its many forms, using electronic manipulations and sampling techniques to redefine it's context, not settling on any one style but moving through them in search of new connections. By exploring these relationships, Moin delivers another collage of the known and unknown, punctuated by words that are just out of reach.
