DESCRIPTION

Starting out as a typical U.K. club soul band, and then turning toward psychedelia and prog rock in the latter half of the '60s, **Pesky Gee!** changed their name in 1970 to **Black Widow** and reached the public eye with their occult masterpiece *Sacrifice*. Their 1969 debut on Pye is considered a turning point in the British jazz-blues scene. With a cool Hammond organ vibe and some truly fascinating acid-folk harmonies – both intoned by male and female singers – *Exclamation Mark* is more than a mythological album!

TRACKLISTING

- A1. Another Country (7:36)
- A2. Pigs Feet (4:38)
