DESCRIPTION

We Release Whatever The Fuck We Want Records present a reissue of the extraterrestrial cult classic *The Sound Of The UFOs*, a collaborative effort between Swiss jazz and electronic music icon **Bruno Spoerri** and innovative drummer extraordinaire **Reto Weber**, available on vinyl for the first time since its original release in 1978. Recorded live in Zurich in March 1978, *The Sound Of The UFOs* finds Bruno and Reto improvising with a vast array of classic and customized synths and percussions from all corners of the globe (and the galaxy). It's cosmic free jazz in audio gear heaven with a heavy dose of ambient, krautrock, primitive proto-techno vibes, and experimental space disco with a musique concrète mentality – anything's possible when a jazzman and a percussionist obsessed with finding new sounds collide and explore uncharted sonic territories. This groundbreaking gem is the ideal companion piece to Bruno Spoerri's highly coveted *Voice Of Taurus* LP (WRWTFWW 015LP). Still very active recording, touring, and collaborating (with **Julian Sartorius**, **Franz Treichler** of **Young Gods**, **Marco Repetto** of **Grauzone**, **Roger Girod**, to name a few), Bruno Spoerri is a multiple award-winning Swiss music icon, whose career started in the 1950s. His works spans jazz, electronic music, film, and TV work, and everything in between. Improvisational maestro and synthesizer mega-connoisseur, Mr. Spoerri has influenced an entire generation of producers and musicians – even **Jay-Z** sampled him. Housed in a 350 gram jacket; Includes new liner notes.
