DESCRIPTION

WRWTFWW Records announce the first ever vinyl release for **Pizza Hotline's** brilliant 2022 full-length *Level Select*, originally only released on cassette and digital. The liquid drum & bass meets Y2K era video gaming aesthetics monster is now available in a limited-edition transparent vinyl double LP with a glorious 45rpm cut, packaged in a heavyweight 350gsm sleeve. Entirely written and composed by UK producer Pizza Hotline (apart from "GLACIER ZONE", a collaboration between Pizza Hotline and **DJ Total 90**), the stellar eight-song album was initially released as a limited cassette in January 2022 and quickly gained cult status – making a full-on vinyl release quite the necessity. It's here now with the previously unreleased track "POLYGON DREAMSCAPE" (which sounds as magical as its title) and 45rpm cut for louder, bigger, deeper bass rumbling. Spellbinding, atmospheric, and beautifully melodic, *Level Select* is a large scope dreamy adventure of liquid DnB filled with ambient escapades, ethereal jungle, high vibe breaks, and a heavy loving dose of late '90s/early 2000s video game influences. Hypnotic late-night hype and pensive chill moods mesh with ease in a cinematic soundscape that re-contextualizes and gives a new life to a beloved music genre – **L TJ Bukem**, **Peshay**, the *Wipeout* OST or **Soichi Terada's Ape Escape** come to mind, and sounds and soundtracks from the Sony Playstation, the Nintendo 64, and the Sega Saturn resonate from the speakers. It's all fresh with a subtle nostalgia and so much heart. An instant classic. Press start.
